

## VK540 + Bravo

### 1. Deluxe Snowmobile Cover

Made from a premium SurLast™ polyester fabric. This material provides the best protection for your sled. It fights fading and protects your sled from the elements. A special urethane coating lets moisture escape from underneath while remaining water repellent. Soft polyester undercover helps protect your sled's finish. Fits '92-'11 VK540

## Did you Know...

Fuel can become contaminated with water which can occur during storage when the gas is exposed to air and changing temperatures. It's a good idea to add a small amount of Yamaha's Fuel Stabilizer & Conditioner (see page 99) which contains isopropyl alcohol that prevents fuel icing, especially in the extreme cold. Methyl hydrate does not mix well with 2-stroke oil and should not be used in 2-stroke snowmobiles.
