1. AIRHEAD High Volume 12V Inflatable Pump

The perfect pump for inflating your towables while out on your boat, or anywhere you don't have access to a 110-volt current. Produces 3 times the pressure of other 12-volt air pumps. Adapters are provided for all popular valves including stem, Boston, Leaffield, Bravo, Halkey Roberts and more. A removable pressure-release valve limits the output to 1.4 psi, the perfect inflation pressure for towables. Hook this powerful pump directly to your car, truck or boat battery with the alligator clips connected to a 10' power cord. Volume: 410 litres/min. Draws 28 amps. Note: Do not plug into a cigarette lighter as it draws too many amps.

SBT-AHP12-HP-09 \$61.95

2. Air Pump

This high-volume 290 litres per minute, 12-volt portable air pump inflates and deflates towables, boats, pools, mattresses and beach toys quickly and effectively. Most pumps on the market don't put out this kind of air pressure and volume 9.6 cu.ft./min., 0.8 psi. The universal valve fittings fit all popular valves. For added convenience, the cigarette lighter/12-volt power port plug is equipped with a 10' long power cord.
